**AIPAC Update**  
**March 13, 2020**

Bipartisan Senate Resolution Urges UN to Renew Iran Arms Embargo  
A bipartisan Senate resolution urges the United Nations to renew sanctions on Iran that are set to expire in October. Sens. Pat Toomey (R-PA) and Jacky Rosen (D-NV) authored the resolution calling on the U.N. Security Council to extend the U.N. arms embargo and ballistic missile restrictions on Iran. The world's leading state sponsor of terrorism is on the brink of being able to import and export advanced weapons under international law. While benefiting U.S. adversaries, ending the embargo would make an already chaotic Middle East even more dangerous for America and Israel. The United States must ensure that Iran is not given the green light to stockpile advanced weapons and accelerate its weapons proliferation to terrorist proxies across the Middle East. Urge your members of Congress to extend the U.N. arms embargo on Iran.
