AIPAC ISRAEL UPDATE June 8, 2018**In worst blaze to date, Gaza fire kites destroy vast parts of nature reserve**

A blaze set by Palestinian protesters along the Gaza border devastated a nature reserve inside Israel on Saturday, in what officials said was the worst day of fires since the demonstrators adopted the fire kite tactics in the last few months. Arson investigators at the Carmia reserve said the fire was most likely set by a fire kite, or possibly a balloon filled with chemicals that dripped flames along the area, Hadashot news reported. By evening, teams of dozens of firefighters and aircraft finally managed to bring the flames under control, but not before some 2,000 to 3,000 dunams (500 to 740 acres) of fields and parts of a nature reserve adjacent to Kibbutz Carmia were destroyed, as reported by the **Times of Israel**. In total, firefighters battled three large fires and several smaller ones along the Gaza Strip border, all believed to have been started by incendiary kites flown from the coastal enclave. Officials at the Israel Nature and Parks Authority estimated that at least one third of the Carmia reserve had been destroyed. They said it was likely the flames had caused massive damage to both the flora and the fauna in the reserve. Residents worked alongside with firefighters and soldiers to try to contain the fires, which have become almost daily occurrences since the start of the "March of Return" protests along the border at the end of March.

Profile:CBH - Micah Liebert

How does a nice guy from Rambam Mesivta in the Lawrence/Cedarhurst neighborhood of Long Island put his roots down in Wynnewood? Only Micah Liebert can answer this question. He graduated from Rambam in 2000. Because Hofstra Univ. Honors College in Hempstead, New York provided a very generous scholarship, Micah enrolled and received his B.A. with a dual major in Philosophy and creative writing. In 2004, Micah graduated with highest of honors in his Philosophy major, the first to achieve that in 7 years. Unfortunately, his double major did not open doors for employment. He readily admits that his nearly waist length hair probably did not win over many of his interviewers. According to Micah, his decision to have long hair was based on economics. \$20 for a haircut every 2-3 weeks put a dent in his personal budget. After he decided to take the cut, Micah secured a job at Real Time Services (RTS). This company provides audio visual systems for conference rooms. Micah was in charge of developing written proposals and securing bids for projects. While working for RTS, he attended Brooklyn Law School at night from 2008-2012. He passed the BAR Sept. 2012, but his celebration took a back seat to hurricane Sandy. Micah and Lauren could not return to their apartment in Long Beach, N.Y. for quite awhile. Micah transferred to the Malvern office of RTS. Currently he is employed by Veritas Medical Solutions in Harleysville. Veritas sells and installs radiation shielding to facilities that provide radiation therapy for cancer treatment. Micah is in charge of estimates and contracts for all proposals. Although this is his current job, Micah reminisced about two jobs in his youth. Micah's father (obm) dealt with ancient art and antiquities. He often helped his father in this field and developed an interest in art. Micah's mom is quite handy around the house. In the summers, his mother found projects for Micah and his brother to complete around the house such as plumbing, electrical or carpentry. He went to the library to find the how to books and would sometimes call his grandfather, who worked as an electrician, to help him. Through the years, Micah continues to enjoy philosophy. His world views and analytical skills have been influenced by his study of philosophy. He does not follow professional sports, but prefers tabletop games and has a large collection of them. Micah readily admits to being a 'gigantic nerd' and a big fan of Star Trek. His favorite books to read have to do with game theory and design. He also enjoys reading science fiction, fantasy and historical fiction. Micah was drawn to CBH because of the diversity present in the kehillah and Rabbi Gross. Many blessings have come his way –Lauren and Shaina take center stage. Live long and prosper (sorry to steal some words from Star Trek) Micah, we're happy to count you amongst the kehillah.
