Additional groups will be formed as new applications are received.

What is a chavurah?

A chavurah is a small group of temple members who are brought together based on common interests.

A chavurah group is made up of individuals and/or families who usually get together monthly at each others' homes or chosen destinations inside and outside the synagogue.

What kinds of things does a Chavurah do?

It's up to you! Your group can enjoy Shabbat together, have a Chanukah party, participate in outdoor activities, go to the movies, engage in a mitzvah project, have guest speakers....... whatever works for your group.

A guidebook of suggestions is available.

How will the groups be formed?

Chavurot are formed based on demographics and interests, with a goal of forming new friendships.

You will be placed in a chavurah as soon as enough applications are received to create a group that is appropriate for you.

The Chavurah Program is available to members of Temple Beth Abraham and provides a wonderful way to get to know others and to build lasting friendships with fellow synagogue members.

It is one of the many ways to enhance your experience as a temple member.

When Djoined a chavusah at my former temple, it entirely changed the way my family felt about our large congregation. Our group of six families got together every month for some type of activity. One month might be apple picking, one month a Chanukah party, one month a hike, another month a Passover seder. At temple services or gatherings we had a new built-in group of friends to share the event with. Over time we became lifelong friends, and 18 years later, long after we moved to NY, we still attend each others' bar/bat mitgrahs, milestone birthdays and other celebrations.

To me, a chavurah is a group of families who have fun together. I like being in a become friends with other kids. A chavurah is a great way to learn more gone bowling with my chavurah, and we glad that the temple is doing this program, because it is a wonderful opportunity to make new friends.
