SHANAH TOVAH!

Let us pray that this upcoming year is one that brings to all of us renewed hope, health, love, and purpose in our lives.

The word, Shanah, meaning “year” has always fascinated me with its connection to the word “change”. This is often a much feared word, as it means the casting off of things familiar, maybe even warm and comforting. As we prepare for change in our lives, let us find ways to be more and more grounded in the wellspring that is our Jewish tradition, which possesses abundant paths to help ground us for most anything that life has to throw at us.

We hope to see you at CNT throughout the Shanah of 5784, as we build community, and meaning together!
