

Our Shul doors are open! We are thrilled to invite you to pray, learn and grow with us B'yachad, together, during in-person Services and programs. Registration for Services will no longer be required - simply come as you are.

Our face mask and social distancing protocols will remain in effect for the health and safety of our Kehillah. These protocols include:

Wearing your mask when entering, exiting and navigating the building. Mask are to be worn by everyone ages 2 and older despite vaccination status.

Maintaining a social distance of at least six feet from others. We ask that you sit with your family pods during Services.

We ask that anyone who feels sick or shows any sign of sickness to stay home and stream our Services and programs virtually. Additionally, we highly recommend all who are eligible to receive the COVID-19 vaccine to do so.

Please note: We are being guided by B'nai Amoona's Doctors of BA (DOBA) Advisory Task Force as well as the latest data and recommendations from the CDC, St. Louis County, and Missouri Health Departments. Protocols are subject to change.
