Pesach Appeal

Dear Friends,

We are halachikly required to distribute charity before Pesach in order to ensure that everyone can enjoy a Pesach Seder. It would be unimaginable for us to celebrate our freedom whilst other people cannot celebrate theirs.

As in previous years, YINN is proud to support two local enterprises relating to sederim made possible by your generous donations. We will also be making grants to individual families to assist them with obtaining Pesach goods.

1. **Charitable Seder:** The first Seder enterprise, run by the central charity of Netanya will enable the poorest, most disadvantaged, and loneliest residents of Netanya to enjoy a beautiful and delicious Seder facilitated by a Rabbi. Without this option, these people would not have any place to go for a Seder.
2. **Educational Seder:** Our local Russian speaking Chabad community provides Russian Jews with the opportunity to experience an educational Seder, some for the first time in their lives.
3. **IDF Widows:** This year, YINN will also be helping IDF widows for Pesach. Last Sukkot, these young women never imagined they would be in such a position over Pesach. We will show them that they will never be alone. **Please donate generously.**

YINN are major and primary sponsors of these Sedarim. We are fortunate to be involved in this beautiful project, which our community has been supporting and enabling annually. In these difficult times, let us show extra generosity as a sign of compassion, care, and true freedom.

Wishing you a Chag Kasher Vesamech,

Sincerely,

Rabbi Boruch Boudilovsky
