

Welcome to the Madrichim Team

*Provide for yourself a teacher...
Get yourself a friend
Pirke Avot 1:6*

Be part of a team of volunteers who do mitzvot every Sunday morning, take on responsibilities, meet together to discuss our accomplishments and challenges, and get doughnuts in the school office!

What is a madrich, madricha, madrichim?

A madrich (male) or madricha (female) is a guide. The plural form is madrichim. As part of our Madrichim Team, you can be a classroom aide or choose other ways to help the school.

What is the time commitment?

Usually madrichim volunteer on Sunday mornings. We can make accommodations if you can not commit to the full school morning or if you are away.

Who can be part of the Madrichim Team?

You must be in at least 8th grade. Many of our volunteers try it out and continue to volunteer right up until they graduate high school! We encourage madrichim to be role models by continuing their Jewish education either in Midrasha or Shalsholet.

WHY volunteer at the Religious School?

Great Question! Besides that ongoing community service looks great on your college application, it 's a mitzvah! In addition, madrichim learn a lot and get great satisfaction from helping younger students. But the best answers to that question are from some of your madrichim!

"I enjoy how the children look up to me as I set a positive example for them."
Carly

"I like to keep involved in the community and this is a great way to give back"
Ethan

"From being an aide at Temple Beth El, I was able to learn about the various different ways kids are learning today. Every child is unique and so is their learning."
Sam

"I enjoy seeing the students progress since the first day and seeing how excited they are to learn."
Coral

**YOU can make a difference!
YOU can make Jewish memories for a younger student!
YOU can be part of our team!**

Still thinking about it but are not sure?

Contact Morah Zahn OR a current madrich so we can give you more information, hear your concerns, and answer any questions.

Already know you want to be part of our team?

Contact Morah Zahn for an application NOW!
