HALAKHIC CORNER
Q: What does a person do if they do not remember if they recited “V’ten Tal U’matar” or if they correctly recited “V’ten Brakha” and one has already completed Shemoneh Esreh?
A: With the start of Chol HaMoed on Saturday night we concluded reciting “V’ten Tal U’matar” in the 9th blessing of Shemoneh Esreh, and replaced it with the words, "V’Ten Brakha." “V’ten Tal "U'matar" is a special supplication for rain which is added only during the rainy season. It is not uncommon, therefore, for a person to finish reciting the entire Shemoneh Esreh and then to begin doubting whether or not the appropriate insertion was added. The Shulchan Arukh (O”C 114:8) rules that within 30 days of changing the prayer we assume that the old text of the prayer was recited. However, after 30 days one can reasonably assume that the proper text was said. Therefore, if a person is unsure for the 30 days following the change to “V’ten Brakha”, a person is required to repeat the entire Shemoneh Esreh. If he should realize his mistake before concluding the Shemoneh Esreh he should return to the 9th Brakha and repeat from there to the end of the Shemoneh Esreh.
