

WHAT YOU NEED TO KNOW:

APPROVED
BY CHICAGO
DOCTORS
AND RABBONIM
UPDATED 3/27

Read carefully! EVERYONE falls into one of these three categories!

PERSON

A

TESTED
POSITIVE
FOR COVID-19
OR EXPERIENCING
SYMPTOMS

ISOLATION

Must be isolated from all individuals, including family members, and may not leave for any purpose until a doctor authorizes them to do so.

PERSON

B

DIRECT CONTACT
WITH PERSON A,
IMMUNOCOMPROMISED
OR ELDERLY

QUARANTINE

Individuals under quarantine must remain in their homes, without contact with the outside.

For those who are in quarantine as a result of contact with Person A, the duration of quarantine is minimum of 14 days.

PERSON

C

GENERAL
COMMUNITY

“SHELTER IN PLACE”

The general community should not leave home for any nonessential activities. When they do leave their home, all rules of social distancing must be followed.

“Stay Home; Save Lives”

“Essential Activities” may include grocery shopping, medical-related travel and getting fresh air.

Individuals who tested positive must share that information with those that they were recently in close contact with.

Please consider utilizing one of the several services being offered to those who should not leave their homes.

Anyone experiencing any of the typical symptoms or flu/cold like symptoms should treat themselves as Person A until they consult a medical professional.
