Jewish National Fund's Breakfast for Israel – Tuesday, November 30th at 8:00 AM

Do you enjoy bagels? Do you love Israel? If so, please join JURVA (Jewish National Fund USA, Richmond, VA) at JNF USA's Breakfast for Israel on Tuesday November 30th!

In addition to a delicious breakfast, you will also hear bestselling author Yossi Klein Halevi reflect on how Israel facilitates hope, and JNF's Eva Lange discuss how JNF-USA supports children and adults with special needs in the Negev with equine-assisted therapy. Don't miss out on this wonderful chance to join other members of the Richmond Community and learn how to make the impossible possible for the land and people of Israel.

There are both in-person and online opportunities to participate. Register online at jnf.org/breakfastforisrael. If you would like to attend in person, please contact Russ Finer at rmf51@verizon.net or Sam Richardson at srichardson@jnf.org.

VOLUNTEER DRIVE

Virginia Voice is an audio information service for people with blindness, low vision, or other disability that keeps them from enjoying newspapers, magazines, and other favorite print materials.

Most of our listeners may have lost vision or motor skills due to an age-related condition. Every week, our volunteers give our listeners access to information, enrichment, and community through the gift of their voices.

Some of our volunteers have been with us for 20+ years and say they still look forward to reading every week. Others are new, just like you, and still discovering the joy. All adult readers are urged to audition, and most anyone can help in some way. [Call us today or apply on our website to schedule your audition!](#)

If you like to read, you'll love reading with Virginia Voice!
