

## **Anshei Emuna Covid-19 Policy Effective September 19th, 2022**

**Palm Beach County has seen a slight decline in the amount of Covid cases/hospitalizations over the past few weeks but remains at “Medium” Community Risk Level.**

**Your health and safety are important to us, and we encourage everyone to follow CDC guidelines. We are not mandating masks at this time, but KN95 masks will be provide for anyone who wishes to wear one while indoors at Anshei Emuna. As long as the CDC Community Risk Level remains “Low” or “Medium” masks will not be mandated, regardless of vaccine status.**

**We encourage everyone in our congregation to stay up to date with Covid vaccines, boosters and flu vaccines as well. We additionally suggest that those members who are not vaccinated wear a mask while indoors at Anshei Emuna.**

**Should you experience any cold or flu-like symptoms, please stay home and consider getting tested for Covid. We trust our members to make these personal health decisions in a manner that ensures a healthy congregation. We would love to see you back at Anshei Emuna once you are feeling better or have tested negative.**

**Thank you for your cooperation and continued support. Should the CDC Risk Level increase to “High”- these policies will be revisited accordingly.**

**Thank you  
Medical Advisory Board  
Chair, Miriam Steinberg, RPAC**
