

Purchasing Scrip

Once your account is setup, you can go forward purchasing any of the available scrip products – physical scrip cards, ScripNow® eCards, etc. With any scrip purchase, each retailer has a defined rebate %. This rebate is the credit that gets applied to the temple and deducts from your required scrip purchase amount for the temple. Let's look at a specific example.

Example 1 – Retail Restaurant – Physical Scrip Cards

You decide that at some point in the next two weeks you want to take your family to try out Blaze Pizza in the Clark shopping center. When you look it up on the shopwithscrip website, you find that Blaze Pizza scrip is available in denominations of \$25 and carry a rebate% of 10%. You decide to purchase 2 physical cards. The total amount you pay is \$50. When you purchase this scrip, the rebate% (10%) is multiplied by the purchase amount (\$50) and the rebate credited back to the temple is \$5. This rebate is applied by the temple towards your scrip requirement amount. Not only do you get a delicious pizza, but you get \$5 credit towards your temple scrip requirement. Your order for physical gift cards will be shipped to the temple. The temple will notify you when they arrive and you can then pick up your cards.

Example 2 – Family Vacation – ScripNow eCards

You are planning a vacation and decide to take a cruise on the Royal Caribbean Anthem of the Seas out of Bayonne, NJ. The cost of your vacation is \$2,000. When you at the shopwithscrip website, you see that Royal Caribbean offers \$100 & \$500 cards, but also is available via ScripNow eCards. The rebate% for Royal Caribbean is 13%. You decide to use the ScripNow eCards option. Assuming you want to pay for the entire vacation this way, you purchase \$2,000 worth of Royal Caribbean ScripNow eCards. The total cost to you \$2,000. Given the rebate credited back to the temple and your account is \$260 (\$2,000 multiplied by the rebate% of 13%). So not only do you get a nice vacation, you've also applied \$260 to your temple scrip requirement. ScripNow eCards are sent to your e-mail address and you can either print them out or use them directly from your mobile phone.

Example 3 – Movie Night – ScripNow eCards

You and your family are movie aficionados and enjoy going to the AMC Dine-in Theatre in the Menlo Park Mall. On average you go to one movie per month with your family of 3. You think that over the course of the year, you'll spend \$500 at the movies including the cost of the movies and food & drinks. When you at the shopwithscrip website, you see AMC Theatres offers not only \$25 cards but also ScripNow eCards and carry a rebate% of 8%. You decide to purchase \$500 on a ScripNow eCard. This purchase costs you \$500 for the year and the rebate of \$40 (\$500 x 8%) is credited back to the temple and your account. Whether you did this purchase at one time or in \$50 increments (say 10 times), the amount credits to your temple account will be same. So not only do you get to see a good movie (well, hopefully good) and get some food snacks, but you also get temple credit for it. ScripNow eCards are sent to your e-mail address and you can either print them out or use them directly from your mobile phone.

Example 4 – Gift for Child or Grandchild – ScripNow eCards

You decide you want to send a gift card to your child away at college or a grandchild who doesn't live near you. To do this, you go to the shopwithscrip website and select a retailer whose gift cards you want to send. Select that retailer at the shopwithscrip website, indicate this is for ScripNow ecard, select the denomination and amount of purchase. You then select the box to indicate this is gift. You then enter a personal message (used in the e-mail that gets sent out) as well as an image to display (they may have several choices). The ScripNow ecard can be delivered immediately or scheduled for the future. Complete the purchase and the ScripNow eCard will be sent out as scheduled. Not only have you sent your child or grandchild a gift, but you've also earned temple credit in doing so.

As these examples show, much of what you do on a day-to-day basis can be paid for by using scrip, be it physical cards or ScripNow eCards. With over 700 participating retailers, your choices are endless. While getting the benefit of your purchase (restaurant, movie, cruise vacation, gas, department store, pharmacy, online retailer, home improvement, etc.) or gift, you are also getting credit towards your temple scrip requirement.
