

## STREAMING ON SHABBAT AND HOLIDAYS

these instructions will enable you to livestream services on Shabbat and holidays without violating Halacha

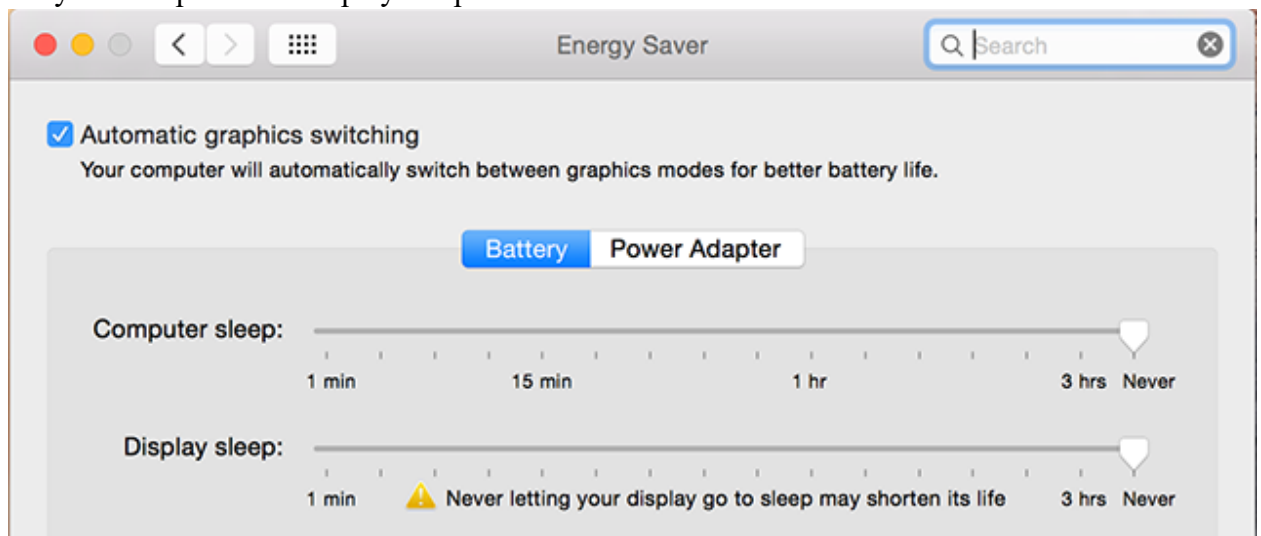

### Mac – Be sure your Mac is connected to a power source

#### Disable Screen Saver:

- Click on the Apple menu on the top left of screen and select System Preferences
- Then click on the Desktop & Screen Saver panel and select the Screen Saver tab
- Select No Screen Saver

#### Disable Energy Saver Mode:

- Go to Spotlight Search on the top right corner of your desktop
- Find "**Energy Saver**"
- Set your computer and display sleep modes to Never

- Make sure Power Nap is not selected

Enable Power Nap while on battery power  
While sleeping, your Mac can periodically check for new email, calendar, and other iCloud updates

NOTE: It is advisable to return all the above selections to their original settings after the holiday is over

**Although the live stream will not start until 30 minutes before services,  
you can login before Shabbat and/or a Holiday begins**
