

SELLING YOUR HAMETZ

Mikhirat Hametz

Return this form to Rabbi Peltz at TBS before Monday, April 22, 2024

Although we symbolically destroy some hametz that we have in our house the morning before the first *Seder*, we are not required to destroy all of the hametz in our possession. We are required to remove it from public view in the home, but we can still store it out of sight (in boxes or a storage room that would be sealed off throughout Passover). Even though we are permitted to store it in our home, we must give up possession of this hametz throughout the days of Passover.

I, _____,
hereby authorize Rabbi Micah Peltz to dispose of all my hametz wherever
it may be stored. This I do in accordance with the requirements and
provisions of Jewish Law.
