“COVID-19 & Vaccines: The Two Races We Still Have to Run”

Dr. Jon Klein is currently a participant in a clinical trial for a COVID-19 vaccine produced by Pfizer. He has also been participating in the fight against COVID-19 as a medical professional. Since March, he has appeared weekly with Mayor Fischer on his Facebook Live video broadcast. He is also a weekly guest on WLCL-FM and WBCE-AM radio.

Dr. Klein will discuss his experience as a participant in a clinical trial, and bring us up to date on the potential availability of a COVID-19 vaccine.
