## Men's Mikvah at SOI

Dear Cherry Hill Community Members,

For many decades, the Sons of Israel Mikvah has been a wonderful asset to the Southern New Jersey and Greater Philadelphia Jewish communities. Since the construction of the beautiful Ohel Leah Mikvah for women in 2013, the original Mikvah has been used by men for daily, weekly, and pre-holiday immersion. Over these years, the Men's Mikvah has fallen into disrepair and is desperately in need of a makeover. Sons of Israel would like to make sure that the structure and function of the Mikvah is viable so that it remains available to all who value its presence in our community. In this vein, the synagogue leadership, chaired by Ken Panitch, together with Lee Cohen, have partnered to help strengthen the Men's Mikvah at SOI with the following changes:

To ensure the financial viability of the Mikvah, we are asking all regular users to commit to a membership fee based on their usage and pay for this membership each year prior to Pesach. While the rates in aggregate are less than the à la carte rates which are currently in place, having commitments at the beginning of the year will give the Mikvah a reliable source of income to

handle the annual operations of the

Daily usage membership:	\$360/yr (= \$1/day, no additional for holidays)
Weekly usage membership:	\$250/yr (= \$5/week, no additional for holidays)
Holiday single user package:	\$60/yr (= \$12/holiday)
Holiday family package:	\$100/yr (includes sons bar mitzvah age until married)
Holiday student package:	\$36 yr (= \$7.20/holiday)
Drop-in user rate:	\$15/use
Drop in student rate:	\$10/use

**Additional contributions will also help support the Mikvah and can be made through the link below. We will be initiating a community campaign to renovate the Mikvah as soon as plans are more fully developed.**
