## D'VAR

## TORAH

### Steve Kirschenbaum

The purpose of Tzaraas generally was not a punishment, but served to awaken a person to what they did. The Rambam writes that Tzaraas eino minhagan shel olam. Tzo'ras is not a natural disease, but rather an os u'pela haya bi'Yisrael; it's something incredible and unique to Klal Yisrael to function as a warning against saying Lashon Hora.

When someone had Tzaraas, it is a message from Heaven to watch what you are doing. It is a blessing to get such a message. That is why we find Tzaraas only by great people, by Moshe Rabbeinu and Miriam. When you are on such a level, it serves as a warning from Shamayim.

The Tevuas Shor explains that nowadays, we don't have Tzaraas; we don't have the zechus to benefit from that warning from Heaven every time something goes wrong. Yet, while we don't have Tzaraas, we do have a certain hanhaga that HKBH has with us, which if we pay attention, we could utilize in a very real and positive way. The Gemara Megilla 3a explains regarding a specific incident where people became frightened **דאינהו לא חזו מזלייהו חזו** -- there are times that things happen and a person doesn't see why he is frightened. But, Mazlei chazi, his mazal sees a reason to be frightened. Rashi says Mazlei chazi, a person's Sar, angel up high, sees there is something to be frightened about. The Ein Yaakov in Megillah says it's not a chiddush because it's mi'geder ha'teva hu; it is part of G-d's world and sometimes things happen that frighten a person with purpose.

Rav Tzadok in Tzidkas Ha'tzaddik 169 writes when a person feels concerned about something, he should realize and understand it's a message. It may not be Tzaraas, but a message nonetheless. This is why they awakened the person from heaven with this fear. When one experiences this fear, he should daven and reflect on how to use this as an opportunity for growth. He should learn a message from that which occurred.

Rav Shimshon Pincus passed away in a car accident. In his letters, Rav Pincus writes about driving cars. The letter says in very strong terms that really, we should not drive cars because it is an extreme danger. It is not worth all the conveniences cars afford us due to the great sakana cars put us in. Supposedly, this is something he spoke about often. His mazal saw the concern.

The message is the same message as that of Tzaraas. When you have a pachad, stop. Examine yourself and think about that which you are doing. Be in tune with your feelings and concerns. In the Hagadda of the Chida, he famously writes this idea on U'vi'mora gadol, that zu gilui Shechina. If a person feels a yirah, a concern, then the Shechina is revealed. Try to see it as a message from Shamayim. When one is afraid, it should energize him to act and to take it in stride when you have that pachad. Through that adversity, use it to serve Hashem to daven better and grow from it.
