

# GUIDE TO EREV PESACH ON SHABBAT

A step-by-step guide for Pesach 2021

## 1 THURSDAY

- Fast of Firstborn begins at daybreak (6:03AM)
- Shacharit @ Dor Tikvah followed by Siyum (7:00AM)
- Bedikas Chametz is done Thursday night at nightfall (8:13PM) with a brachah (blessing).

## 2 FRIDAY MORNING

- Chametz is Sold in the morning. Be sure to get your forms in before 9:00AM.
- Burn chametz before 12:24PM (M'A 12:11PM), the end of the Halachic fifth hour. We can't burn chametz on Shabbat, so we do it today.
- If possible, prepare all items for the Seder plate now rather than on Yom Tov.
- Set Aside your chametz that you will eat over Friday night and Shabbat morning.

## 3 FRIDAY AFTERNOON-EVE

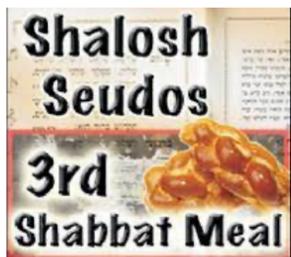

- Be sure to leave a stovetop flame on or light a memorial-type candle before Shabbat so that you can light from a pre-existing flame on Saturday night. (In fact a 3 day candle is preferred in order to light candles the 2nd night of Yom Tov).
- Have your Friday night meal. You do need to wash, so have egg matzah or rolls/pita. You can choose to have an all Pesach meal (no chametz) otherwise or include chametz in the rest of your meal.
- If eating Pesach food, be sure to keep any chametz (even crumbs or egg matzah) contained and away from Pesach dishes.

## 4 SHABBAT DAY (MORNING)

- EAT EARLY! Finishing eating chametz before 11:21AM (M'A 10:57AM), the end of the fourth halachic hour. In order to accommodate, Shacharit on Shabbat will begin at 8:30AM.
- If you have any remaining chametz, flush it down the toilet.
- Recite the nullification (bitul) before 12:23PM (M'A 12:11PM).

## 5 SEUDAH SHELISHIT

- You can have a second bread meal before 11:21AM (M'A 10:57AM), but you'll need to take a break from your first meal. Take a walk outside for 5 min.
- And/Or you can have fruit or eggs later in the day before 4:31PM.

## 6 MOTZEI SHABBAT

- Say "Baruch HaMavdil Bein Kodesh I'Kodesh." Havdalah will be later, integrated with kiddush.
- Light Yom Tov candles using the pre-existing flame (prelit stovetop or memorial candle) that was lit before Shabbat. Many try to have one of the candles to have two or more wicks (YaKNeHaZ candle)
- Prepare for the Seder meal. No preparations can be done for the Seder on Shabbat itself.
- Begin the Seder. In the Kiddush, add the extra paragraph for havdalah

Many thanks to Rabbi Nachi Klein and the Young Israel of Northridge for sharing the helpful guide. Some changes have been made to reflect Dor Tikvah times and customs
