Take Action: Ask Congress to Support Education Freedom

Dear Friends,

The "**Education Freedom Scholarships and Opportunity Act**" was introduced in the Senate as [S. 634](#) by Senator Ted Cruz (R-TX) and the House as [H.R. 1434](#) by Representative Bradley Byrne (R-AL).

We need you to urge your elected officials to co-sponsor and support these bills.

This is the Trump Administration's signature "**school choice**" bill which is championed by US Secretary of Education Betsy DeVos. Agudath Israel has worked closely with the White House, the U.S. Department of Education, congressional sponsors, and other groups, in crafting legislation that benefits families that utilize public, private and faith-based education, while protecting the participation and rights of religious schools.

It works like this: Donors - individuals and businesses - that contribute to nonprofit Scholarship Granting Organizations (SGOs) will receive a dollar-for-dollar, federal tax credit (not a deduction). If you give \$1000, you get \$1000 off of your tax bill.

The money is then distributed by the SGOs to eligible students. This is a \$5 billion annual program and these scholarships have the potential of expanding student access to all educational opportunities - including public, private, and religious - as well as to a variety of services - including special education, career and technical education, apprenticeships and transportation.

There are currently eighteen states that have state tax credit programs and we are working hard in key states to expand that number. **We are confident that once this legislation is passed, other states will see the clear benefits it affords their schoolchildren and set up their own programs.** The legislation does not specify the amount of each scholarship, but one state that recently passed such a bill, provided grants of more than \$13,000 per student.

By clicking on the Take Action button above and filling out your contact information, a pre-populated email (which you are encouraged to take an extra moment to personalize) will be prepared to send to your elected officials.

Ask them to support education freedom scholarships. Once you send the email, if you are able to take another few minutes, the next screen will provide talking points that will appear along with the phone numbers of your elected officials. Call and ask them to support education freedom.

To find out which members of Congress already co-sponsored the bill see here:
