# Purim Night Motzai Shabbos March 23

## *Elucidated Zmanim*

Because Purim is Motzai Shabbos and very late, there are a few options for families who may be unable to attend the main Megillah together.

*-There will be supervision (Charvonah's Carnival) during the Main Megillah for children too young to sit still.*

There will be **three maariv minyanim**,  
7:50 following Shalosh Seudos at the regular time,  
7:58 immediately prior to the Expedited Megillah  
8:30 prior to the Main Megilah

There will be **three Megillah lainings**:  
8:10 Expedited Megillah (no banging)

**8:45 Main Megillah**

10:15 Additional Megillah

Note #1 No Melacha may be done before Shabbos is over at 7:57 (50 minutes)  
Note #2 For couples who are planning on attending different lainings, there is a very short window of time between the conclusion of the Expedited Megillah and the start of the 8:30 Maariv.
