POTTERY BY DEEDEE!

A Message From Deede Rosenfeld:

I've been making pottery as a hobby for more than 8 years and more regularly for the past 4 years at Glen Echo Pottery. I am not a production potter, who makes multiples of the same item, and I only occasionally make set of pots. But even though there are some recurring themes, every piece is intentionally unique, usually functional, and frequently integrate techniques derived from what I've learned at GEP, workshops, online, and from fellow potters. I hope that you enjoy seeing my work that's on display and for sale in the Ingber Gift Shop. 15% of the proceeds from all sales will be donated to Beth Sholom Sisterhood.
