FEBRUARY/MARCH 2020

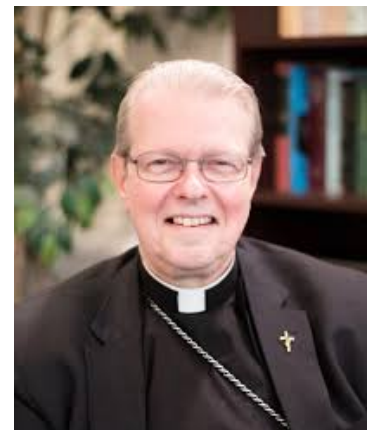

JEWS IN AMERICA THROUGH STORIES & FILM – Feb 5

Jews have been present in the United States since the mid 17th century, and now in the 21st century, the United States boasts the second largest Jewish population in the world (second only to Israel). The story of Jewish migration to America over the past five centuries has been depicted in books, on the small screen and on the big screen. Through movies and documentaries, this Lunch & Learn series will cover the trajectory of Jewish American life from the earliest arrivals in the Thirteen Colonies through the impact of the Nazi regime in World War II, the creation of Israel and the new challenges of 21st century assimilation.
