

Keep a Child Warm & Well-Read this Winter

Grassroots Givers is a local organization connecting those with resources to share to those with needs.

It provides members of our community, including recent refugees and those living in poverty, with nice clothing and practical items to make their house a home. It also distributes 1,000s of books each year to schools, organizations, and individuals.

To help, we're collecting:

New or like-new children's books
(chapter, picture, nonfiction, and board books)

Children's winter clothing, boots,
and accessories

(babies through teens)

**Please bring to the CBE lobby
throughout January!!**
