

High Holy Day Hedbanz

Use a sheet of the Memory Game Symbols

KID VERSION

Object of the Game: Be the first player to get rid of all your chips!

Setup

- 1) Place the cards face down in the center of the playing area. Each player takes a headband and adjusts it around his/her head. Make sure the Hedbanz logo is above your eyebrows and centered on your forehead.
- 2) Deal one card face down to each player.
- 3) Without looking at the picture side of the card, players insert their card into the clip of their headband so all the other players can see the picture.
- 4) Deal three chips to each player. Any remaining chips become the "bank".

Game Play

- 1) The youngest or tallest player goes first. Then, play passes to the left.
- 2) On your turn, flip over the timer and ask each of the other players a Yes/No question that will help you identify the picture on your head. There are sample questions if needed. *You can use any question except, "What am I?" At any point you may ask, "Am I a...?"*
- 3) Once you've asked all of the players a question, begin a second round of questioning, then a third round, etc.
- 4) The other players can only answer your questions with "YES", "NO", "COULD BE" and "I DON'T KNOW".
- 5) **If you guess** the picture before the timer runs out, take another card and put it on your headband (remember not to peek). Continue asking questions until the timer runs out. For each picture you guess correctly, put one of your chips in the bank. Then it becomes the next player's turn.
- 6) **If you do not guess** your Clue before time runs out, keep it and continue to guess what it is on your next turn.
- 7) At any point during your turn, you can give up trying to guess. If you do, you must collect one chip from the bank and are dealt a new card and keep playing until the timer runs out.

End of the Game

If you're the first to get rid of your chips, you're the winner!
