

## HOUSING AFFORDABILITY

Please join your TBE friends and neighbors for a public conversation on housing affordability on Thursday, October 18, 7:00 PM, at Temple Beth El.

Did you know that Santa Cruz County is the least affordable housing market in the entire country? Polls show that stress over housing is the #1 concern among Santa Cruz County residents. We all know friends and family members who are paying 50% or more of their income on housing. This includes nurses, teachers, first responders, and other professionals as well as hospitality and agricultural workers—serving the #1 industry in our region. How can we improve this?

Come to TBE to share stories, hear a description of the statement of need, and hear proposals from state, county, and city levels:

- 1) State Proposition 1, affordable housing and veterans bond
- 2) Santa Cruz County Measure H, affordable housing bond
- 3) for Santa Cruz City residents or those who want to participate, there will be speakers for and against the Santa Cruz City rent control Measure M.

TBE is committed to engage 100% of our members and encouraging everyone to vote on November 6.

We hope to see you at TBE on October 18 for this important event. Refreshments will be available. For more information or to help, please contact Andrew Goldenkranz at 588-8262 or [agoldenk@gmail.com](mailto:agoldenk@gmail.com).
