

Every Voice, Every Vote

This is your opportunity to make a difference! Temple Beth El is participating with the Religious Action Center of Reform Judaism (RAC) to support full voter participation in the November elections. We are joining a national postcard campaign to help get out the vote.

Here is what you can do:

The Reform movement's 2020 Civic Engagement Campaign will send us lists of voters' names with address stickers and specific state-based voter information with detailed instructions for writing the postcards. The names are of folks who are not registered or who haven't voted recently and could be purged from the voter rolls.

We each buy postcards & stamps.

We write a short message and attach an address sticker on each postcard.

You have two choices for how to get your voter list and address labels:

- contact Gerry Frank at geraldfrankmd@gmail.com and ask him to send you a kit

OR

- go directly to the RAC website: <https://urj.tfaforms.net/252> and order the kit yourself!

As a 100% voting congregation, we are also helping others across the country to exercise their right and responsibility to vote. Please join us now!
