

POSTCARD

Hello my friends. I miss you and love seeing your faces at Friday night services and now on Saturday mornings. It seems impossible that in only six or so weeks we will be welcoming the New Year of 5781. Preparations are actively underway for beautiful live-streamed services. Our thoughts have been and continue to be for your safety during this stressful time of pandemic. Of course, we all wish that we could celebrate together in person, but that is not possible.

G-d willing next year will be different and we will have moved past this time of danger. So, I call upon you to answer to the highest calling of your heart (to quote the late John Lewis) and join us in the spirit of love for our Temple Sholom Family. Renew your Temple membership, contribute what you can when asked and be with us to see the New Year both beautifully and safely. Temple Sholom depends on you for its continued existence. *With Love Rita*
