

Postcards from Rita

Dear Temple Family;

Please forgive me for not writing in a while. As High Holidays 5782 approach our work in the office increased exponentially for me, Joni and Stew. The office is buzzing with both joy and concern as infection rates increase in our state and county. With that in mind, I must ask every one of you to please "wear a mask" when coming to Temple. Everyone's wellbeing has been and continues to be my highest priority. Let's get to the Holidays with all of us well. Please be assured that we have in place options for a hybrid of live and Zoom services in place.

As always let's do this together!

With Love, Rita
