Dear Friends,

We are pleased to share with you the Calendar & Program Brochure for 5781/2020–2021, highlighting another year of creative programming at your shul.

With so much volatility in the world today, we can be grounded by turning to the age-old wisdom of the Torah and the life-guidance it provides. This guide you are holding is a physical reflection of our membership’s commitment to foster a spiritual community around the central ideals of inspired Jewish living and learning. These pages are the fingerprints of a dynamic and growing community always looking for more, coming together under the roof of Hashem’s house to enjoy each other and experience our connection to our Creator.

We offer a broad range of programs and classes to serve the needs of the various demographics within our community; young and old, beginners and well-versed. The sum total of what we offer represents our community; young and old, beginners and well-versed.

These programs are the product of significant input from members of the shul, participants in last year’s programs, board members, and, of course, our rabbis and staff. If you have ideas for future programming, please communicate your interests to our professional staff, a staff. If you have ideas for future programming, please communicate your interests to our professional staff.
