Feedback on previous Shabbos Greeting Exchanges:

A. H. : I LOVED the Shabbos Greeting Exchange! I got to meet two families whom I never would have met and there was no pressure to do something too involved. It absolutely made my Shabbos!

H. B.: It was a great experience. I got flowers from someone I did not know before. My girls recognized her on Shabbat in Shul and said thank you to her. It was lovely.

J.K.: I received a beautiful orchid with a Facebook messenger text letting me know when it would be delivered to my doorstep... It was fun, and nice to get a little surprise for Shabbat! Please continue this program, and thanks for all of your hard work in organizing!

M. C. : Great to connect this way, we all appreciated it, givers and recipients!
