

## B'nai Israel Congregation - Descendants' Day Initiative

### Family Group Sheet (FSG)

Thank you helping collect data for our Descendants' Day Initiative.

Please furnish sources if you have them. If the source is your personal knowledge, just leave the source box blank.

More children than space provided? Just submit another form with their names, and put the Father's or Mother's name at the top.

The objective for this project is to identify living descendants so that they may be contacted and re-connected to their spiritual home in Jonestown. Therefore, the final page of contact information for living descendants is very important.

All completed FGS forms must be returned to:
