DAT Minyan

The DAT Minyan is a Modern Orthodox synagogue on the East Side of Denver, affiliated with the Orthodox Union. Our synagogue is a friendly and welcoming environment dedicated to enhancing Jewish life and giving its members an exciting and meaningful Jewish experience. Founded in 2005, DAT Minyan has transformed from a small Shabbos morning Minyan to a full service synagogue with over 130 member units. Our Youth Director and Teen Program Director coordinate Shabbat and weekday programming for our expanding youth program, while the need for a full time

rabbinic presence led to the hiring of Rabbi Asher Klein in August, 2011.

DAT Minyan offers varied adult educational programming throughout the week. Classes on varied levels appeal to individuals with a wide spectrum of Jewish knowledge. The Shul prides itself on the Davening environment that is created on a daily basis. The appreciation for a quiet and spiritual Davening is pervasive throughout the Shul, creating a Davening experience that is meaningful and beautiful. The Shul has always made it a priority to ensure that every person that walks through our doors feels at home and welcomed. Our appreciation for the State of Israel is evident through our learning, Davening, and social action. Many opportunities are available to become involved in areas related to adult education, youth programming, Davening, social programming and more. We are always encouraged by the many individuals that give of their time to help our Shul thrive. Please do not hesitate to contact us and let us know how you would like to become involved in the continued growth of one of the most exciting, dynamic, and warm Shuls you have ever seen!

Denver Academy of Torah

Denver Academy of Torah

A cornerstone of the Denver Jewish community, Denver Academy of Torah is a Modern Orthodox Jewish Day School committed to providing excellence in education in both general and Judaic studies. Our elementary, middle and high schools are geared to the unique intellectual, emotional and spiritual needs of our students at each level. We offer a dynamic and challenging education, which includes a rigorous general studies curriculum, an in-depth Judaic and Hebrew course of study, and a strong focus on character and Middot development.

DAT believes in creating an environment where Torah is at the forefront, introspection is encouraged, and open discussions lead to deeper understanding of religion, education and our world. We are committed to striving for equal emphasis on an excellent general studies curriculum as well as an outstanding textual-based Modern Orthodox Jewish education curriculum.

At DAT, we are dedicated to creating well-rounded students with a deep knowledge of Jewish studies and traditional, general studies. We train our students to constantly question and examine teachings and develop and refine their own perspectives on religious understandings. No question is taboo at DAT, and independent and critical thought is encouraged in both general and Judaic studies.
