

GIVE TODAY FOR A
JEWISH TOMORROW

WE ARE A COMMUNITY

A community that comes together in times of need. We say *tehillim* for the sick, prepare meals for *shiva*, and collect food for the hungry. Together, we fill the need.

OUR LOCAL DAY SCHOOLS ARE IN NEED

The cost of providing a quality Jewish education is escalating. Tuition has become elitist and unaffordable for many Young Israel families.

OUR CHILDREN ARE IN NEED

Research proves day school education is the single, most effective tool in counteracting the extraordinarily high rate of assimilation and intermarriage in America. The Hebrew charter schools and public schools with after-school Jewish education are creative alternatives, not long term solutions.

JEWISH EDUCATION IS A COMMUNAL CRISIS REQUIRING A COMMUNAL SOLUTION

Our *shul* created the Jewish Education Fund (JEF) to provide financial support to South Florida Day Schools on a pro-rata basis, help fund the gap between the cost of education and tuition and provide tuition assistance to families on scholarship or those turning to the educational alternatives. We created JEF for our children and for us.

WHY SUPPORT JEF?

Jewish day schools create community stability, facilitate community growth, increase the value of our homes, and ultimately breed our future leaders. We are all the beneficiaries.

OUR GOAL IS 100% COMMUNITY PARTICIPATION

Communal support is essential for the success of this initiative. Every dollar counts. Won't you help ensure that no Jewish child is left behind?
