2019 HIGH HOLIDAYS

SCHEDULE

KOL NIDRE APPEAL

Of the numerous moral points conveyed to us during this time, the traits of chesed and tzedakah seem to be crucial ones that need reinforcement and actualization to secure their presence in our Jewish DNA. Chesed is thematic and so recognizable during this penitent period. It is the revealed chesed on the part of our creator who created the cosmos and earth on Rosh Hashanah based on the natural laws of motion and the hidden chesed he extends 10 days later on Yom Kippur to the Kohen gadol in the privacy of the Holy of Holies. These acts of chesed are one in the same. Let us get swept up in this continuum during these intermediary days of teshuva and support our shul with all acts of chesed, whether revealed or under the cloak of anonymity. We owe it to each other. **High Holiday Committee**
