Parshat Ki Teitzei - The most Mitzvot

Parshat Ki Teitzei mentions 74 of the 613 mitzvot or 12% of all commandments, more mitzvot than any other Parsha in the Torah. Included among these mitzvot are employment rights, returning lost objects, and the rules of war.

The Torah commands us to remember "asher korchah baderech," what Amalek did to us on the way out of Egypt. Rashi asks why use the word korchah from the word "Kar" or cold? Rashi answers that other nations heard of the miracles Hashem performed in Egypt and no one would have dared to attack us. But then Amalek came, like someone who jumps into a scalding hot tub. Although they were burned and defeated by Bnei Yisrael, Amalek cooled the water and opened the door for other nations to see that Bnei Yisrael was not untouchable. We should be careful to remember and fulfill the biblical obligation to inform our children of history.

After Shul ask your children

- How many mitzvot are covered in this week's Parsha?
- Who attacked the Jewish people on their way out of Egypt?
- Why does Rashi explain the use of the word "Karcha" in this context?
- What are a few examples of the 74 mitzvot covered in this week's Parsha?
