IF YOU  
GIVE 4G  
A DONUT

If you give 4G a plain donut, they will ask for a fancy plate to put it on.

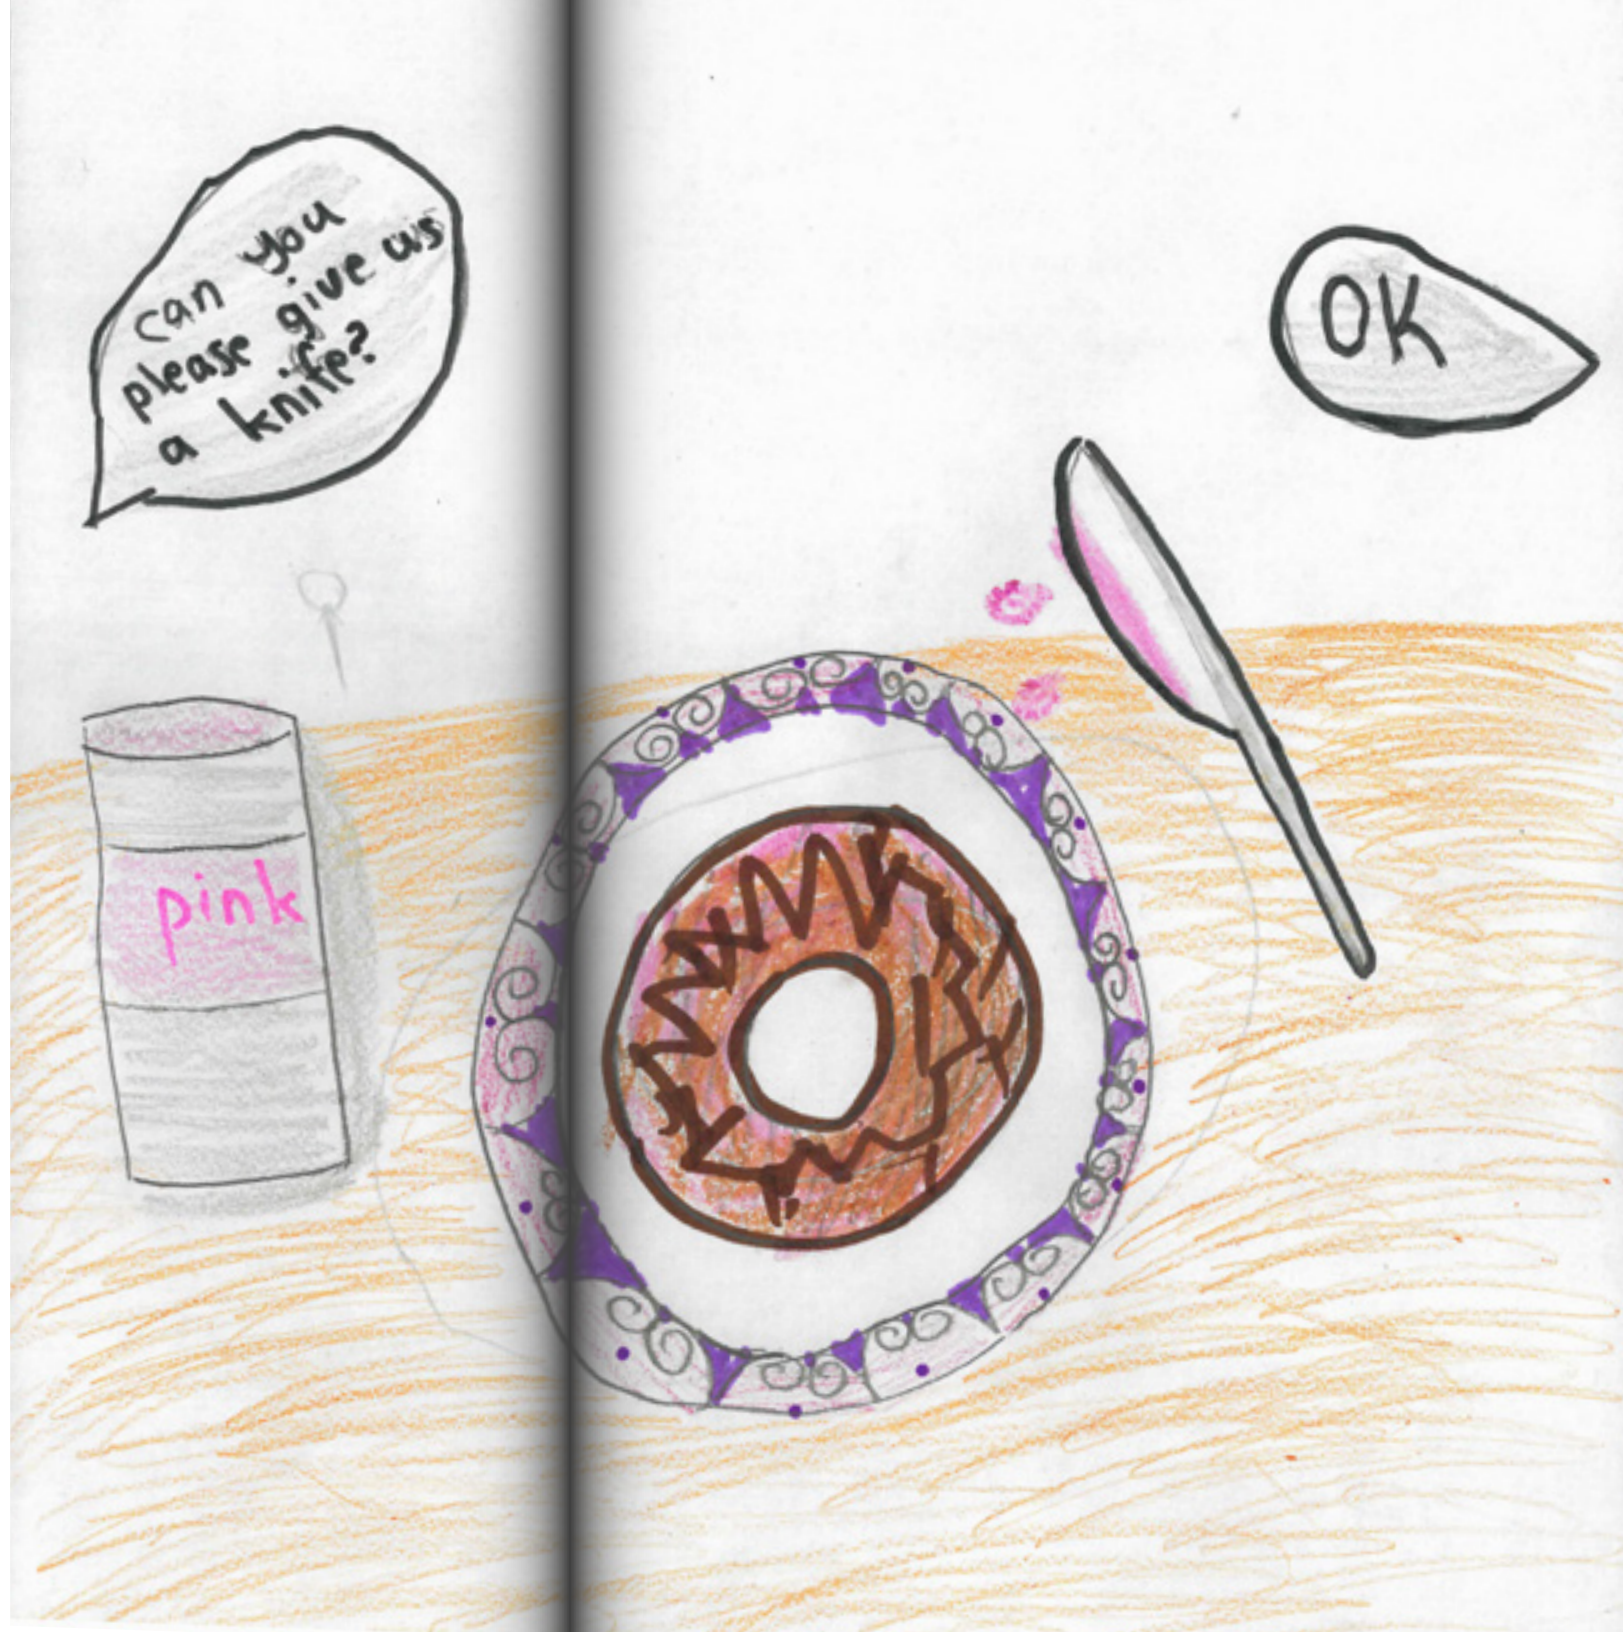

After you give them the plate, they  
will probably ask for different flavors  
of frosting to decorate them.

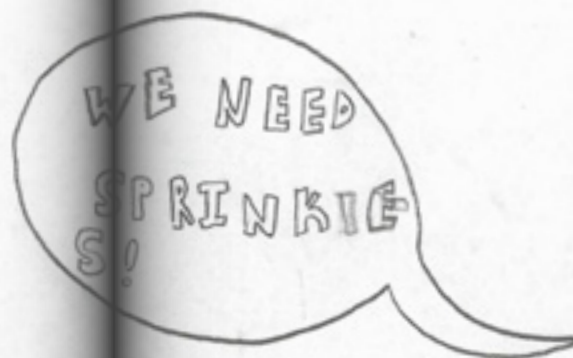

After you give them the frosting, they will ask for a knife (that's not sharp) to spread it.

When they look at  
the frosted donut,  
they will most  
probably ask for  
colored sprinkles.

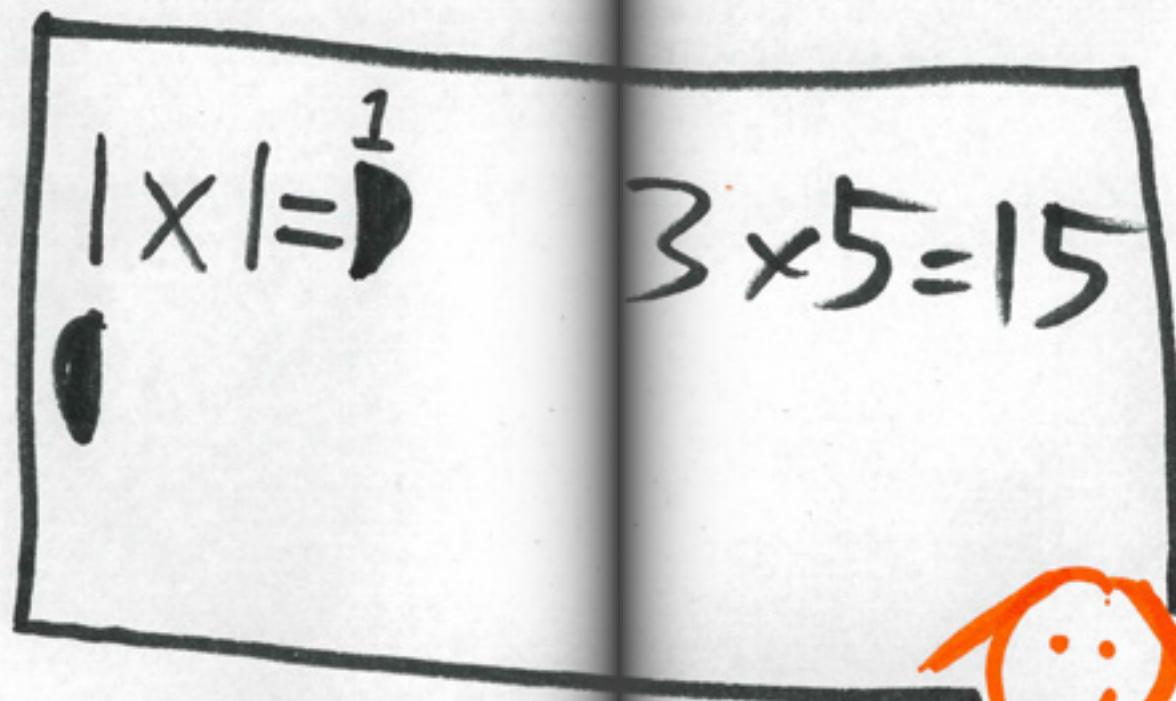

When they ask for sprinkles, Mrs. Jacobs will need to send her assistant to the preschool to borrow some!

After you  
give them the  
sprinkles,  
chances are,

they  
will  
fall

**ALL OVER THE FLOOR!**

When they fall all over the floor, they will ask to borrow a broom to sweep up the mess.

After they sweep, they will want to eat the donuts.

When they are finished eating they will for sure declare, "We worked so hard, can we have recess NOW?????"

When 4G returns from recess they will definitely complain that they are STARVING and ask for another donut.
