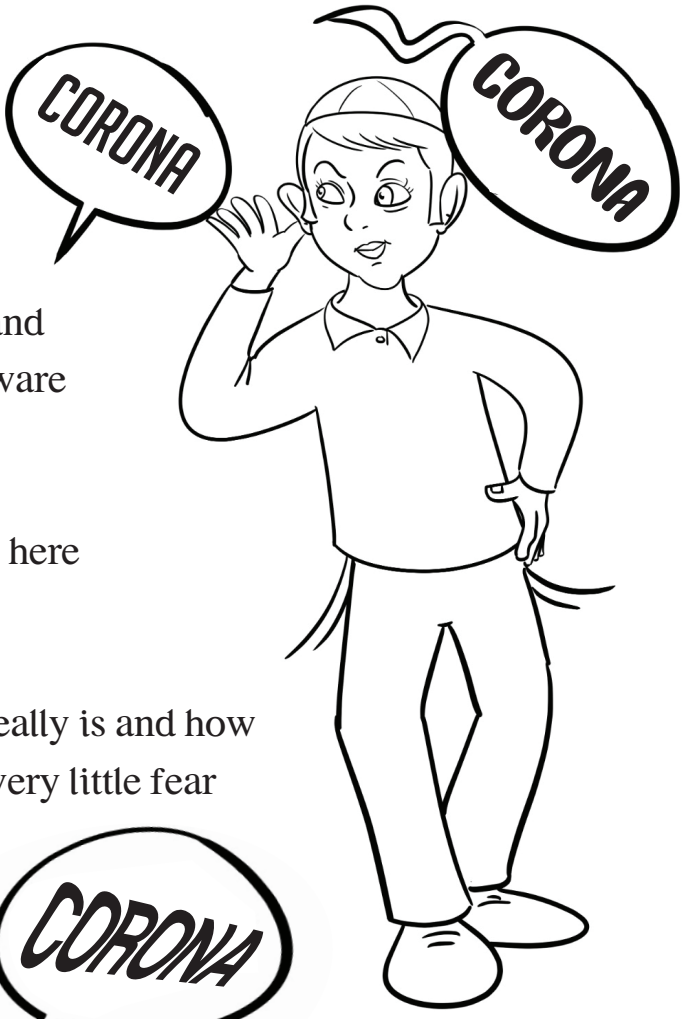
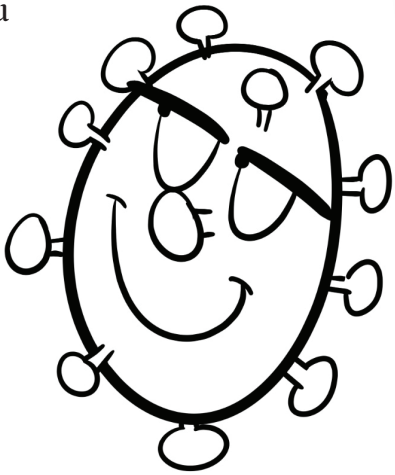
Introduction:

Hello kids.
My name is Eliezer
And I would like to make a few things clear
It's true
That perhaps
Many times
Adults think
That children
Don't always listen
Don't always understand
And are not always aware
of what's going on
But
The Corona is already here
And it's about time
To explain
What this pandemic really is and how
we can avoid it with very little fear



What is the Corona?

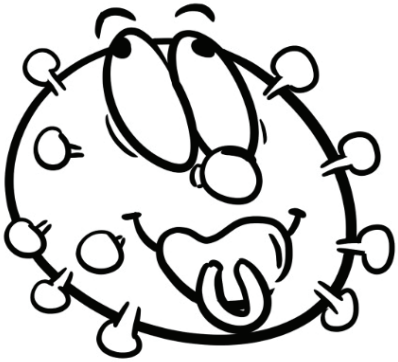


Corona is an pandemic that looks like the flu
But we still don't know what to do
Why it is so contagious
And whose is endangered.
Sounds kind of outrageous!

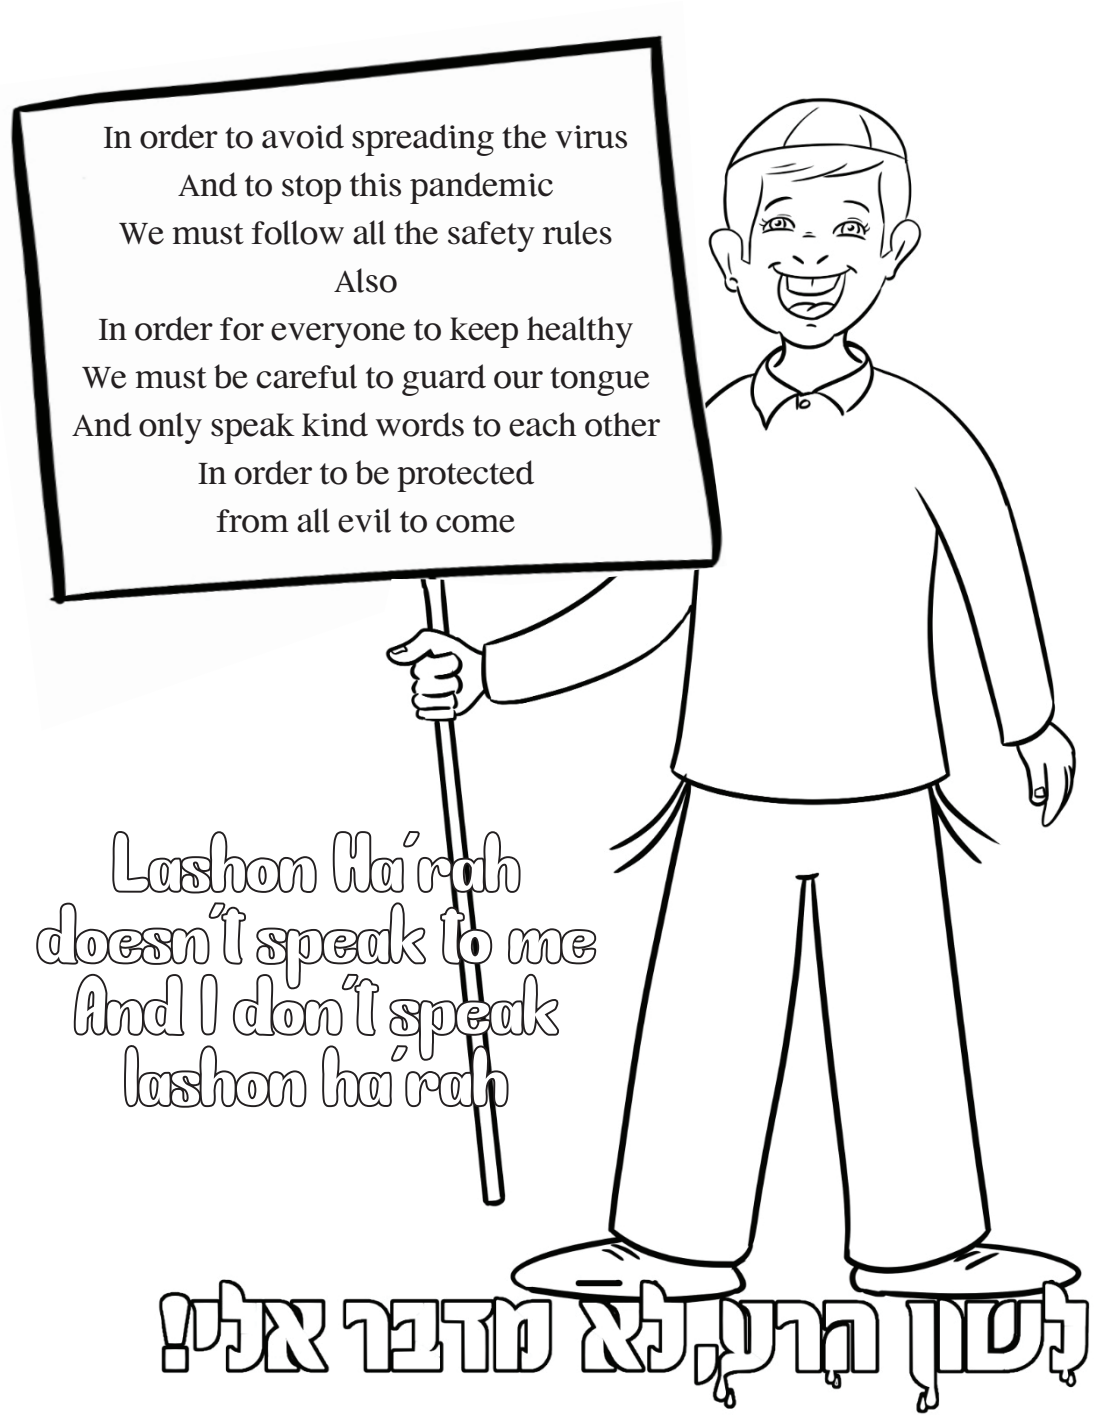
How did the Corona Begin?
The Corona Virus began in China
But who would believe within a little time
The Corona would affect the whole world
And leave us without a rhyme

What are the signs of the Corona?
The symptoms of the Corona resemble the flu:

- A fever of over 38 degrees.
- A dry cough
- Difficulty in breathing
- A cold
- And feeling a little blue



How does one catch it?
The virus spreads
By people sneezing and coughing
The drops that they release from their mouths
Attach to other people or on surfaces around them
And may also stick
on to other people and get them sick



In order to avoid spreading the virus
And to stop this pandemic
We must follow all the safety rules
Also
In order for everyone to keep healthy
We must be careful to guard our tongue
And only speak kind words to each other
In order to be protected
from all evil to come
Lashon Ha'rah
doesn't speak to me
And I don't speak
lashon ha'rah
לשון הרע לא מדבר אלי!

We shall pray a lot and say Tehillim
And wish a healthy recovery for all the “cholim”
Our learning Torah shall protect us
And all of Israel and the world
If we just trust

A song of gratitude we shall say
Because Hashem is protecting us every day

We will wash our hands with
soap more often
We shall try
to dry
our hands with a paper towel
And not with a regular towel that
may be foul
We will not shake hands with one
another
But rather keep a distance from
each other

We will sneeze and cough using a tissue
Or even using our sleeves and not make it an issue
And if we do not feel very well
Our parents we will tell
We will keep to the rules,
Stay in our room
And pray that it goes away very soon

We will do our best to stay inside
And won't go out unless we have to take a ride
And if we are looking for something to do
We shall quickly find more books to read
Books, workbooks and games too

We shall help our parents at home
We shall buy some new books
from Altar Book Store
We shall prepare for Passover by
learning different commentaries
And we shall merit all of Israel
with many good deeds
Stay calm and have no worries

Help Eliezer get home
