# SCI-FI, Fantasy & Torah

*with Cantor Goldstein*

It is no coincidence that so many of the great science-fiction writers were members of the tribe, in other words, Jewish.

Among the greatest proponents of the genre known as science fiction, speculative fiction, and even comic books were Isaac Asimov, Robert Silverberg, Harlan Ellison, and many others.

In this class, we will explore some of the great themes in both Torah and science fiction that will show how much future thinking matters to the Jewish people.

This four-part series will take place Thursdays at  
7:00 pm on April 20th and 27th &  
May 11th and 18th  
Exclusively on Zoom
