Celebrating Judaism, Embracing All Jews

High Holy Days 5779/2018
Tishrei/Cheshvan/Kislev
September/October/November

BMH-BJ is a unique, independent orthodox congregation serving a diverse membership. We are united by our love for each other, a respect for all Jews, support for Israel and a commitment to traditional Jewish values and authentic Jewish living. Our community includes a vibrant morning and evening minyan every day of the year with a mechitzah, a family seating experience on Shabbat and holy day mornings. We host a dynamic, award winning and growing preschool program, a highly innovative religious school where parents learn along with their children, and a variety of daily and weekly Torah and adult education classes and programs for lifelong learners. Our calendar is filled with a wide variety of religious, cultural, and social events and activities, created to meet the needs of people of every age.

We are an historic synagogue with a rich past and a bright future. Beth HaMedrosh Hagodol (BMH) was founded in 1897 while Beth Joseph (BJ) was founded in 1922 and together merged in 1996 creating the BMH-BJ we know and love today. Our community shares in an immense love of learning and growth, God and mitzvot, compassion and justice. To become part of our BMH-BJ community is to place yourself in a synagogue whose history stretches back more than 121 years and is alive with vibrancy, passion and inclusivity. We invite you to come and experience one of our myriad offerings!

A New Year Message for the BMH-BJ Family

With the coming New Year 5779, we offer our prayers that each of us be sealed in the Book of Life and granted a year of good health and happiness. This message, co-signed by all of our lay and professional leaders, represents the unity and camaraderie of BMH-BJ and the fact that we are one family, the BMH- BJ family.

The Hebrew word, "*shana*" not only means "year", it means both "new" and "repeat". Here at BMH-BJ there are aspects of the coming year that will be "new" and aspects that will be the a "repeat performance". So, as they say, "what's new?"

After almost a quarter century of dedicated service as our full-time *chazzan*, Cantor Joel Lichterman transitioned to Cantor Emeritus. He and Elaine will be spending this next year in Baltimore where Cantor Joel will serve Chizuk Amuno Congregation as Interim Chazzan. They will always remain a part of our family and we wish them all the best.

We are thrilled to welcome Cantor Marty Goldstein and his wife, Eve, to our family, as our new *chazzan*. Cantor Marty brings to our shul his wide range of skills and interests and his ability to relate to young and old alike. His wonderful voice, his passion for making *tefillah* accessible and participatory, and his warm personality will help make our services truly memorable and uplifting. We will sing melodies old and new at Rosh Hashana and Yom Kippur services and our delightful Kid's Chorus will have a prominent role to play under Cantor Marty's guidance. We can also look forward to expanded cultural and musical programming.

We are also pleased to welcome master Jewish educator Noam Horowitz to our staff. Reb Noam, as he is affectionately known, will serve as Educator in Residence and offer various weekly Torah classes, Shabbat morning workshops and will help organize hands on *chesed*/community service activities for teens and adults. He will also be a regular presence at Shaarei Simcha and will work to help expand its reach.

And what at BMH-BJ will be a "repeat performance"? Once again, we are pleased that Rabbi Jonathan Gross will be with us for Rosh Hashana and Yom Kippur, teaching Torah and sharing his thoughts on a variety of subjects, including a provocative series, Seven Deadly Sinners, which will put a new spin on stories and personalities you thought you already knew. You can expect a year of wonderful programming for every age level and demographic. You can look forward to Wednesday Wisdom, The Shabbat Project, Taste of Torah, Lunch and Learn, Fourth Friday, Pink and Teal Shabbat, Blue and White Shabbat, Shabbat Shira, Confirmation/*Midrasha* and a host of other special moments throughout the year. We will continue to be a traditional and orthodox synagogue and we will always strive to meet the needs of our diverse constituencies. There really is no other synagogue we know of that brings together observant and nonobservant, singles and grandparents, preschoolers and high schoolers, majestic services and intimate davening. We will continue to be a shul where Judaism is joyful and where all are welcome.

On behalf of the entire BMH-BJ family, may you and those you love be blessed with a sweet and good year.

Rabbi Yaakov Chaitovsky, Cantor Marty Goldstein, Ilene Rosen - Executive Director, Jeff Kline – President, the Board of Directors, the entire staff of BMH-BJ, Women's League, BMH-BJ Preschool

Welcome, Cantor Goldstein!

Cantor Martin Goldstein is a 7th generation Chazzan in his 40th year as a singer, educator, and clergy. He begins his time as the new Cantor at the BMH-BJ Congregation with the High Holy Days 5779. Cantor Marty, began his training at age 6 with his father, AH" Cantor Jacob Goldstein, who also served as Cantor of the BMH from 1970-72. Cantor Marty also studied with several of the great Cantors of our time including Cantor Moshe Ganchoff and Cantor Leibele Waldman.

Cantor Goldstein began his career singing with his parents Jack and Harriett Goldstein and 4 siblings as the Goldstein Family Singers. Cantor Marty continued his early training by singing in hotels such as Grossinger's and Kutcher's in the Catskill mountains as a choir boy and soloist. Cantor Goldstein was assistant conductor for the Shalom Singers during his choral training years in Boro Park, NY. Cantor Goldstein's vocal training included time at Hunter College of the CUNY and at Manhattan School of Music in NYC and graduated from Empire State College of the SUNY. He began his career as a Cantor at age 19 with his first High Holidays in Del Rey Beach, Florida. Cantor Marty served 3 synagogues before coming the BMH-BJ. Temple Beth Chai in Hauppauge, New York, The Greenburgh Hebrew Center in Dobbs Ferry, NY and 25 years at the Hebrew Educational Alliance in Denver. Cantor Marty has trained hundreds of B'nai Mitzvah students during his career, as well as teaching various subjects in adult education. Among his favorites are Kabbalah and Jewish History.

Cantor Marty and his wife Eve have 4 children between them, Shayna, Jake, Rafi and Jack. They are all honored and excited to begin a new journey in this wonderful community.

Welcome, Noam Horowitz!

In the summer of 2013, the Horowitz family decided to leave their home in NY and join the wonderful Denver Jewish community. Before that, "Reb" Noam taught as a rebbe in Rambam Mesivta HS and Shalhevet HS for 4 years. During that time, he and his wife Yael were the youth director and programming couple at The Bach Jewish Center in Long Beach. Since moving to Denver, Noam has been teaching at the DAT High School, learning with youth and adults around the community, and been involved in any community endeavors he can make time for. Yael is a full-time nurse, mother, baalat chessed and shabbat hostess. They have four children, two of which are New York natives and two native Denverites.

The family has a tremendous passion for Torah, community engagement, and chessed initiatives. Noam is constantly looking for study partners and groups. The Horowitz family is so excited to be joining the BMH-BJ family and can't wait to meet everyone and join together for shabbat meals, services, learning and programs!

Pink and Teal Shabbat

October is Breast Awareness month. Last year, BMH-BJ chose to be one of the many sites in the community which hosted a Pink (Breast Cancer) and Teal (Ovarian Cancer) program to call attention to these concerns. Since the incidence of breast and ovarian cancers is so much greater in the Jewish community than in the general population, we at BMH-BJ focused our program on providing information to our members, many of whom have been impacted by these diseases.

One of our congregants, herself a breast cancer survivor, introduced speakers representing Sharsharet, the Colorado Ovarian Cancer Alliance (COCA) and the medical profession. Gail Nussbaum, a breast cancer survivor, shared her journey from diagnosis, treatment challenges, and her hope for the future. Dr. Jerry Kopelman, a gynecologist, who is also a member of BMH-BJ helped us to better understand the impact of these cancers on our community. A Genetic Counselor associated with COCA discussed heredity issues, while the Executive Director of that organization explained the mission of COCA and the support it lends to women with ovarian cancer and their families.

The speakers later joined us for Kiddush where they made themselves available to answer questions and listened to congregants as they related how breast and/or ovarian cancers have touched their lives. Tables decorated in pink and teal had informational materials and contact numbers for those interested in learning more about these topics and/or seeking assistance.

This October, BMH-BJ again plans to continue its support for Pink and Teal programming which is integral to the well-being of the Jewish community.

Sharsheret is a national organization helping Jewish women facing breast and/or ovarian cancers. This includes women who have received a diagnosis, as well as, those at high risk for these diseases. Sharsharet not only lends support to the women themselves, but also to their families.

BMH-BJ Chesed Group

Chesed is kindness, caring, and providing help to others. This important Jewish value in action is a cornerstone of a Jewish life and our community life together. Doing things together and for each other as a family strengthens not only our community but our character.

The Chesed Group helps congregants as they and their families face challenge, illness or the death of a loved one.

We reach out via phone, correspondence, home visits, and shiva calls. For those who have special needs we try to accommodate them at Shul.

What can you do?

Join with our BMH-BJ community to do the holy work of chesed. Any amount of time or money donated to this cause will make a difference in the lives of others, as well as in your own life.

If you are interested in getting involved, please contact us!

BMH-BJ Preschool *Big Things Are Happening*

The 2017-18 school year was the best ever for BMH-BJ Preschool, as we experienced record enrollment, and things will be even better for 2018-19 as we continue to grow. All of our classes are at capacity — so much so that we have two pre-k classes lined up — and our waitlists are full, too.

Over the past year, we've devoted extensive time to teacher training on social and emotional skills in order to help our students learn to regulate their emotions effectively. Moving forward, our teachers will be bringing more STEM (Science, Technology, Engineering, and Math) into the classroom in order to explore the engineering mindset, and we'll be doing deeper documentation of these learning experiences, too. According to the National Research Council, "Early math knowledge not only predicts later math success, it also predicts later reading achievement."

Lastly, through the implementation of Kaymbu, our family engagement and classroom documentation app, parents are receiving weekly — and sometimes daily — updates on what their kids are up to. This keeps our parents involved in the day-to-day for a more transparent and immersive experience for everyone.

We are so excited for the 2018-19 school year, and we would love for the BMH-BJ community to be more involved. If you have time to volunteer, want to know what we're up to, or donate anything to the preschool, please stop in and let us know.

Thank you for your ongoing support!

Almost There! *Final Push for Preschool Playground Fundraiser*

BMH-BJ Preschool is so close to breaking ground on a brand new, much-needed playground — but we still have **funds left to raise** to break ground this fall.* In fact, we have an Anonymous Donor who has committed the final \$10,000 so we can reach our goal!

We want the entire BMH-BJ community — from kids to parents to grandparents and every member of the congregation — to help us make it happen. A well-designed playground fosters curiosity, learning, and socialization and is an extremely valuable asset in encouraging the growth of young children. An updated, nature-based extension of the classroom will give our school a competitive advantage in terms of enrollment, which in turn provides an outstanding feeder of **young families to the synagogue**.

If you — or anyone you know (businesses and foundations included) — are interested in helping us with this vital fundraising campaign, please donate at BMHBJpreschool.org/playground or on <http://gofundme.com/bmhbjpreschool-playground>.* You can also contact Preschool Board President Sarah Raphaely at skramer126@gmail.com or 303-522-8583.

Whether \$18 or \$40,000, we welcome any and all fundraising leads to help give our preschool children the playground they deserve!

*Donations of \$500 or more made by individuals may qualify for the Colorado Child Care Credit. Taxpayers that make a qualifying monetary contribution to promote child care in Colorado may claim an income tax credit of 50% of the total qualifying contribution.

Save the Date for Dreidels and Donuts!

Mazal Tov to Dr. Harold Koch!

Harold is the leader of the Denver Chapter of the Brady Campaign to Prevent Gun Violence, a national organization dedicated to the reduction of gun violence across the United States.

On Thursday, June 21, 2018, Harold spoke at the Colorado State Capitol as part of a program called Asking Saves Kids, which was created by the American Academy of Pediatrics, and is administered by the Brady Campaign to Prevent Gun Violence. The U.S. Government Accountability Office found the program is one of the most effective ways to protect kids from firearms.

The June 21 press conference was held to announce Governor Hickenlooper endorsing a proclamation declaring June 21 as Asking Saves Kids Day, or "ASK Day." The proclamation was submitted on the part of the members of the Colorado Coalition Against Gun Violence.

Four speakers, including the CEO and chief medical officer of the Colorado Dept of Public Health, an Emergency Dept. physician, and two pediatricians representing the Colorado Chapter of the American Academy of Pediatrics, spoke at the press conference.

Mazal Tov to Dr. Harold Koch on his enduring hard work that resulted in this proclamation and raising awareness for ASK Day.

South Africa Trip *Reflections*

Cantor Joel is also a Tour Guide

Shepherding a group of “adventurers” around a foreign country is no easy task, no matter the size or diversity.

Elaine and I wish to therefore thank John & Marjorie Berman, Wendy Davis, Bruce & Bernice Dinner, Shaul Gabbay, Phil & Norma Sierota, and Jerry & Patti Jo Streltzer, for the confidence they placed in us as we planned for, studies, read about, and finally ventured through South Africa this past May/June.

With an emphasis on it’s Jewish heritage, we spent time with some of my past business and professional colleagues, as well as family and friends, all of whom added a special personal dimension to an intense two-week schedule.

Elaine and I look forward to sharing another adventure with members of the synagogue and from the wider community during the second half of 2019.

Please watch for further details!

Cantor Joel Lichterman

South Africa Through the Arts

Our trip to South Africa was made most meaningful by being exposed to its past and present history through the arts: literature, photography, playwriting, architecture, paintings, sculpture and music. Cantor Joel and Elaine Lichterman chose the most meaningful places for us to experience the “true” story of South Africa. We listened to the stories of two ex-cons who are trying to provide positive environment for youth in a poverty stricken shanty town where the unemployment is over 50%. We attended a powerful play in Johannesburg by the South African famous playwright, Athol Fugard. Through his writing we came to better understand the multiple emotional, political, and socioeconomic layers that continue to plague South Africa because of apartheid. At the Iziko Slave Lodge, we were exposed to stunning photographs of women who have experienced abuse. Their somber faces reflected the words on the panels of the museum, “The control over those enslaved was insidious and brutal.” At Stellenbosch Central, we were privileged to view the art of Irma Stern and J.H. Piernneef. The architecture in the cities and especially the countryside reflect the remnants of colonization by the Dutch and English. Today the cities are expanding rapidly and the old buildings are now becoming museums or market places. Concern for safety is paramount. Most houses are protected by high fences topped with spikes and electrified barbed wire. Fifty percent of the Jewish population of South Africa has left for safer territory. The drums still beat in South Africa.

Bernice Dinner

South Africa Through the Arts

The entire trip was informative as to the history of the country, as well as providing the opportunity for Cantor Joel and Elaine to share with us the many aspects of Jewish life, including their “past lives” in South Africa.

My favorite sights were visiting the top of Table Mountain overlooking Cape Town and of course, the Peninsula drive around the mountain ending at Kirstenbosch Botanical Gardens.

I definitely had a great time and was glad we were always “on the go”. Not a minute was wasted on this Heritage Trip to South Africa.

Astra Jewish Sheltered Employment Centre, a Jewel in Cape Town

There are 15,000 Jews in Cape Town. They donate time, money, and administrative and professional services to needed projects. Astra is a school / training center for Jewish children and adults with intellectual or psychological disabilities. It employs 65 Jewish men and women who are unable to find work elsewhere. Astra teaches catering, painting, woodwork, needlework, weaving and philately. They manage 3 group homes nearby for 26 residents who are helped to live independently. The kosher coffee shop / event center is run by the students; we had a delicious lunch there. They run a gift shop with terrific souvenirs and gifts for all simchas, many made at the Centre, some obtained from outside sources. They also run a mailing / packaging service which is another profit center for the Centre. I was very impressed with the level of service provided for disabled people in Cape Town by this small Jewish community.

Astra Jewish Sheltered Employment Centre, a Jewel in Cape Town

First, many thanks to Elaine & Joel for a very thoughtful and enjoyable adventure to a place we would likely never have visited and certainly not appreciated without their wonderful guidance. Many thanks also to our other fellow travelers for their grace and camaraderie and care.

South Africa is a beautiful country and we were fortunate to partake of its wonders—fauna, flora, beaches, mountains and ocean in addition to man-made creations.

South Africa is vibrant and arty and attentive to its personal historical experiences. We, of course, studied and read prior to our visit but there is nothing like being on the ground. I am now considerably more knowledgeable about race relations and the freedom quest in that country.

The dynamism of the Jewish community is remarkable and, frankly, puts our Denver community to shame. Cape Town has 5 kosher restaurants, a 2100 student day school, a Jewish museum and a Holocaust museum, a sheltered workshop all in addition to the customary religious and community facilities. Total Jewish population 12,500.

Those pluses are counter balanced by the troubling aspects of South Africa. First day we made a visit to downtown Johannesburg via its beautiful highways. We went to the top of the tallest building in the continent. It is completely vacant and overlooks many other vacancies. We go to the theater and there are plaques posted by the city denying liability for any theft or injury during your presence there. The theater advises that you have security walk you to your ride home. Apartheid was overcome in 1994 but housing stock and programming are dramatically inadequate. The corruption under Jacob Zuma and Winnie Mandela was more than passively tolerated. A number of us had a drink with the sister of the cantor of our cantor's former posting. She tells us the community is taking advantage of their Lithuanian grandparent's heritage to obtain new citizenship. After we returned my wife spotted an Economist article on the solicitation by Lithuania of Israelis and other to bolster their economy. The foreign policy is a mess- Cape Town confronts Day Zero on water – That is no water because it can't bring itself to take assistance from Israel to build desalination plants.

We are very grateful for this educational travel opportunity. It provides us with much perspective as we hear news from the African continent.
