

From Our Rabbi

Hello and welcome to another TouchPoints. You will find our complete schedule for classes and services as well as some interesting reading - and listening - material to enlighten and inspire you. From Tablet magazine, an ongoing series called Coronaspection in which religious leaders of various faiths offer thoughtful insights into the lie of the spirit - and life, in general - during this pandemic. Avi Weiss, a maverick Orthodox Rabbi and life-long activist for justice, writes a beautiful piece in the wake of the George Floyd tragedy. It certainly made me think. It also made me rethink certain positions I have held for some time. Read it for yourself and let me know what YOU think. The talented Maccabeats perform an original song in memory of George Floyd.

You will also find my **Touch of Torah** video d'var [HERE](#), discussing The World's Shortest Book and how a group called by the Torah "the complainers" often threw up roadblocks and otherwise undermined the mission of the new Israelite people.
