Torah Takeaway:

Hashem is always Protecting Us

Everyone asks the same question about Yaakov's famous dream: Why does Yaakov see angels going up and down a ladder while he sleeps? What does his dream mean? One answer given is that as Yaakov was about to leave the Land of Israel, the angels who were responsible for guarding Yaakov in Eretz Yisrael had to switch with the angles who would guard him outside of Israel. Yaakov was nervous that once he left Israel Hashem would no longer keep him safe, but his dream was a sign that no matter where he went, Hashem would be looking out for him. What an amazing truth it is that no matter where or when we travel, Hashem is watching out for us!
