

Holy One, Source of Strength,

War has begun, and innocent people are dying.
We ask Your protection for Ukraine and its citizens.
We pray for their safety and the security of the country.
May this terrible war be diffused swiftly with minimal casualties.

May Hungary, Poland and other neighboring countries be moved to open their borders
and provide safe passage for all those who wish to evacuate.

Bless our world leaders with the ability to work together for the greater good,
and the wisdom to make wise decisions during this turbulent time.

Bless the people of all nations with the desire, strength, and courage
to create a world based on justice and filled with peace.

We seek the comfort of believing that everything will be all right,
yet it is hard to hold on to hope in the face of insurmountable odds.

May the words of Isaiah 2:4 'Nation shall not lift up sword against nation.
neither shall they learn war anymore' become true in our day-in this very hour.
Source of Goodness, shine your healing light on us and those in
the Ukraine we hold in our hearts
Shelter us, shield us, show us the path to peace.
