SPECIAL ANNOUNCEMENTS

Schools and Shuls have closed, our entire way of life has radically changed, all in an effort to protect our collective health, but especially to protect the most vulnerable among us, which includes those over 65 years old.

If you are in the age or health condition that is considered at greater risk, we implore you to stay home and maximize your social distancing. If you need shopping or provisions, we have a network who can help. Please stay put and reach out for what you need. Don't make these efforts be in vain.

PARASHAT HASHAVUA

PARASHAT VAYAKHEL-PIKUDEI

Page 516 in the Stone Chumash

1st Aliya: The Parsha begins with the Mitzvah of Shabbat and the penalty for her transgression. Note that Pasuk 35:5 is classic proof of the Oral Law. Those who deny the Oral Law must explain the literal translation of this verse to prohibit having any burning flame on Shabbos. This would forbid the use of lights, heat, and even Shabbos candles! It is the Oral Law which teaches us that the G-d's prohibition was directed at lighting a fire, not having a fire. Moshe asked the Bnai Yisroel to donate the time, talents, and materials for the construction of the Mishkan. The Bnai Yisrael responded with unbridled enthusiasm.

2nd Aliya: Talents and materials were donated and Betzallel and Oholiav were appointed as chief architects and artists. The response to Moshe's appeal was so great that Moshe had to command the people to stop their donations! (see, miracles do happen!) The outer coverings of the Mishkan and the inner tapestries are detailed. The beams of the Mishkan, the Aron Hakodesh, and the Shulchan – Table are described.

3rd & 4th Aliyot: The Menorah and the inner Golden Altar are described. The outer ramped Altar, the Washstand, and the Mishkan's surrounding enclosure are detailed. Pekudei begins with an accounting of the materials used in the construction of the Mishkan. (gold = 4,386.5 lb./ silver = 15,088.75 lb./ copper = 10,620 lb.)

5th & 6th Aliyot: The Kohain Gadol's breastplate and vest are described. The remaining garments of the Kohein Gadol and the other Kohanim are detailed, and Moshe inspects the completed Mishkan. Moshe certifies that the entire project followed the exact details of Hashem's instructions. Moshe blesses the workers.

7th Aliya: On the 1st day of Nissan, 2449, the Mishkan was assembled. After every vessel was properly in place, the presence of Hashem, the Shechina, descended in a cloud and filled the Mishkan.

MAFTIR for HaChodesh taken from Exodus 12:1-20

This being the Shabbat that falls on or before the first of Nissan, we also read the section of Hachodesh (Exodus 12:1-20), which relates G-d's words to Moses in Egypt two weeks before the Exodus, instructing us to set the Jewish calendar by the monthly new moon, and to regard Nissan as the "head of months." G-d also instructs to bring the Passover offering, to eat it with matzah and bitter herbs, and to abstain from leaven for seven days.

STAY HOME; SAVE LIVES!

During these extremely difficult and precarious times, this is a halachic imperative of the highest order that each and every one of us must obey for the sake of the health of our own families, communities and fellow citizens. We cannot repeat this often enough. Stay home. Avoid groups or public interactions of any kind, for any purpose. Shabbat Shalom!
