Rosh Hashanah 5777 Security

The security staff is responsible for monitoring the entrances to the building and safety throughout the building. Unlike a doorman, the security guards' sole responsibility is to provide security. As such, the guards must be attentive to potential threats inside and outside of the building and to screen individuals who wish to enter. We therefore request that guards not be asked to open doors, move strollers, or engage in other activities that diminish from their capacity as security guards. Our security committee members, will be readily available for assistance in these matters.

This year, all individuals will be greeted by our security guards/security committee members in a tent located outside the main entrance of the synagogue. **Please be sure to clearly identify yourself to security as you plan to gain entry into the building. Security will have a roster of all who made reservations for seating over the holidays. Individuals (and children) that have paid for seats will be assigned a colored wristband. Individuals (and children) that have not paid for seats, but who are not deemed a security risk by our security team, will be assigned a different colored wristband.** Security guards will have the discretion of bag searching and questioning any individual wanting entrance into our synagogue. Please provide the courtesy and respect to our security guards. Our goal is to be as sensitive to every individual coming into Boca Jewish Center, but we want to be vigilant and have safety as our upmost concern.

In order to provide for the children in our community, we will be having groups and activities including food and snacks. These activities will enable our youth to have enriching experiences and to be fully supervised. Groups and activities will run from 9:00 am to 2:00 pm. Groups will meet in the Back Room of the Boca Jewish Center facility. All children will be distributed a tag with their name. For their safety, we ask that all children either be in a supervised group or with their parents at all times. Please note that Security personnel cannot be responsible for any unsupervised children in the lobby or entry area.
