

“WHY JUDAISM MATTERS: Writing Your Own Story”

A four-week workshop led by Rabbi Frank Muller

Wednesdays beginning October 7 at 1:00pm

Via Zoom

Meeting ID: 944 5680 9971

Are you interested in passing on your spiritual legacy to the succeeding generations in your family? This workshop will help you to create a Jewish ethical will containing your own personal Jewish journey and why Judaism and living a Jewish life are so important.

Using the Jewish Identity Spectrum (JIS) and other models created by Rabbi Muller, each participant will write their own story to share with children and grandchildren, surely a wonderful gift to be treasured by one's descendants for years to come.
