### Riddle

**Question:** What is the name of the closer relative to Machlon than Boaz who is first in line to redeem Machlon's property and take Rut as his wife? It is mentioned in the text of Megillat Rut in Chapter 3. Why does he lose his name in 4:1, where he is called "Plony-Almony," equivalent to "anonymous?"

#### Last Week's Riddle:

**Question:** The Talmud (Bava Batra 15b) explains that the heroine of the eponymously named megillah we read on Shavuot - Rut - had that name because her descendant David would sing "shiroi v'tishbachot" to Hashem. Do you see what the connection is?

**Answer:** The last three letters of "shiroi" in Hebrew spell "Rut."
