UOS Building Updates

⇒ IMPORTANT:

1. Wheelchair access will be available from the Greenwillow St. entrance. Handicapped parking by the Mikvah may be limited.

2. Access to the office trailer will be from the back side by the playground.

3. This week work continues on the underground storm, mock up construction, under building passage and grade beams and piers for the Greenwillow fence. The piers are being installed for the garbage dumpster by the current office trailer.

Most importantly, please pay close attention to your children since they will have easy access to the construction site and other hazardous areas around Shul over the next couple of months. Please be careful where you walk as well, since the site will be in constant flux regarding potential hazards.
