

Mission and Vision for the Adat Reyim Religious School

The Adat Reyim Religious School vision is to expand the mind and open the soul, endowing each child with a passion for lifelong learning, and a fundamental appreciation of what it means to be a Jew in today's world, affording students the opportunity to study Torah, God, Israel, Mitzvot, Jewish values, culture and history. The process of being a lifelong learner is essential for the survival of the Jewish people. The Adat Reyim Religious School will be committed to its students and families to develop the love of Jewish learning not only as a student, but also as a Jewish adult, in any community. It will address the ideas of family education and bridging the gap between school, home, and society by providing immeasurable commitment to family education and lifelong learning.

We believe that our students should begin their Jewish education in Pre-Kindergarten and remain in school through Confirmation and High School. Becoming a Bar/Bat Mitzvah does not mark the conclusion of one's studies, rather it indicates acceptance of the adult responsibility of continued study.

The Adat Reyim Religious School will provide a safe place for kids, a sense of belonging and community, and innovative learning styles including curriculum that synthesizes the arts, affective and cognitive ideas, as well as informal and formal experiences. Students will be taught the richness and beauty of their diverse Jewish heritage, traditions, and Hebrew language through prayer and basic conversational Hebrew. Each student will grow to understand and appreciate his or her Jewish identity, culture, religion, heritage and sense of self within a larger Jewish community.

Family Education

All parents are encouraged to get involved in family education because we believe that through cooperation, family supporting school and school supporting family, we can teach our children that Jewish living is an important part of all of their lives. Because we care about our families, we will try to be sensitive to your needs and desires by encouraging parent involvement, support and feedback.

We offer a variety of grade-level Family Holiday programs and Shabbat dinners. These informal educational experiences engage the entire family in lifelong learning.

Monday Night Services

Parents are invited to attend Monday evening services with their children in Grades 3-6. These services are interactive with our madrichim and students in each grade leading the prayers. We often stop to discuss the prayers and their relevance in the service. Every week we begin with either a story or lesson on the weekly Torah portion. Don't miss out on these engaging family experiences!
