Step 1 - Review the wine list from Skyview and make your choices - **do not send the order to Skyview**

Step 2 - Write your order on the above form with the name of each wine, the Skyview wine number, the number of bottles of each selection, the cost/bottle, and the total price.

Step 3 - Bring your completed form & check (**made out to YIWH**) to Steven Luger, 37 Miamis Road, or drop the order form & check at the YIWH. The amount of your check should include the wine total + \$6/ case transportation + \$1/bottle for incomplete cases - (a mixed case is considered a complete case) example - you order a total 28 mixed bottles, that is considered to be 2 cases (\$12 shipping) and 4 bottles (\$4 total shipping) = \$16 shipping + the cost of the wine.

Step 4 - slowly savor the wine and enjoy a joyful Pesach

Should there be any errors, these may not be able to be rectified prior to Pesach (though we will try)
