*The Great  
Harry Houdini  
Presented by  
Arthur Moses*

**Harry Houdini became famous for his stage illusions.**

**Arthur Moses – renowned Houdini collector, bibliographer, lecturer and archivist will present a fascinating video tour on the famous magician and escape artist.** Arthur became interested in Houdini when he read a book about him while in the 7th grade. Now after more than 40 years and with over 6000 items of memorabilia in his collection, Arthur will share his passion to collect and regale some stories of this larger-than-life man. Each antiquarian item tells a story of a moment in a man's life. For rarity – a 1903 Russian handbill; for interest – several documents pertaining to Houdini's patents; insurance policy, playbills, programs, postcards, straitjacket, handcuffs, personal effects and much more.
